Message

It's my pleasure to put forward a few lines in the opening issue of Journal of Scientific Enquiry which is going to be published shortly. It's the honest endeavour of the University in bringing out the issue which is a testimony to the overall proclivity of the Institution and its dedication to Research activities where faculties and research scholars will present their works.

Hope the true duty of bringing out the Journal will fructify the creative and novel ideas disseminated by the young scientist and will provide them a concrete platform for further research that will cater to the increasing needs of the society as a whole.

Wishing the 1st issue of the Journal illustrious and soaring success.

14.12.2021

Prof. Dipak Kumar Kar
Vice-Chancellor

Sidho-Kanho-Birsha University

Dear colleagues,

This is the first issue of the ***Journal of Scientific Enquiry (JSE)*** to be published through SKBU publishing house. I would like to thank all members of the editorial board, reviewers, all authors, and the secretarial office for their support toward realizing this journal. The help provided by the University for accomplishing this is well appreciated. When we initiated the Journal, the editorial team had only one goal in mind: to produce a high quality archival venue in different field of Sciences that will make our peers and readers proud to refer. As the editor-in-chief and together with my fellow editors and the editorial staff, we are happy to report that we have achieved our first milestone. In this issue, in total, we have accepted to publish four review articles and thirteen scholarly journal articles covering different topics of Science.

JSE is a multi-disciplinary journal and hence it offers wide scope of publication. The aim of the ***JSE*** is to be a leading source of scholarly articles and research papers through the promotion of research publication at affordable or at no cost in the long run. In other words, our objective has been to make research publication hassle free for financially constrained researchers and research scholars. The published article will always be open access and archived for future generations. The scope of the journal include but not limited to the following areas of Science Disciplines, viz., Mathematics, Physics, Chemistry, Zoology, Botany, Geology and Earth Science, Environmental Science, Psychology, Computer Science, and Biotechnology.

We are of a firm belief that our journal will provide top-quality original papers and review articles that will continue to help everyone interested in Science. We, again, hope that the journal will continue to be an important instrument for disseminating scientific information on a very broad international level.

I am honored to have been given this opportunity to serve as the founding Editor-in-Chief of ***JSE***. I am grateful to the Hon'ble Vice Chancellor of Sidho Kanho Birsha University for the confidence placed in me and for the support from the Editorial Board. I will work closely with our strong team of the board of advisors, associate editors, and reviewers to strengthen the journal's quality. I will work to further our teams' efforts in positioning the ***JSE*** as a leading study journal that is scientifically rigorous and academically relevant and useful to the academics and the researchers.

Finally, I hope that our readers will find articles/reviews presented in this volume of ***JSE*** interesting and informative.

Please help us grow by citing the relevant articles that you read in ***JSE***. We look forward to receiving your contributions in the near future.

With warm regards,

Sincerely,

Editor-in-Chief

Journal of Scientific Enquiry

VOLUME 1 • ISSUE 1 • YEAR 2021

A Review on Asymbiotic Seed Germination in Orchids through Plant Tissue Culture	Purnima Paramanik Dipak Kumar Kar Subrata Raha	1–7
The Enemy Within: Influence of Cancer Stem Cells in Neoplastic Progression, Metastasis, Immune Evasion and Resistance to Therapy	Krishna Mahanti Sankar Bhattacharyya	8–23
Oxidation of cyclohexene with hydrogen peroxide over nano-crystalline $Mn_xCe_{1-x}O_{2-\delta}$ catalyst	Rajib Mistri Bidyapati Kumar	24–30
Exploration of Weak Interactions in Penta-Substituted Cyclohexanol: Crystal Structure and DFT study	Sudipta Pathak Shibashis Halder Malay Dolai Saugata Konar	31–37
A Facile Synthesis of Highly Crystalline ZnO Nanoparticles via Green Synthesis Route Using <i>Moringa oleifera</i> Leaf Extract at Relatively Low Temperature	Tatan Ghosh Subhamay Pramanik Probodh K. Kuri	38–43
Synthesis and Characterization of Some Mixed Ligand Complexes of Thallium(I) Metal with Isonitrosoethylmethyl ketone	Kumari Seema Rajneesh Kumar	44–47
A Brief Review on Nanoparticle Based Mercury Sensing by Optical Method	Swapnadip Roy Swadesh Mandal	48–64
Trace Level Determination of Various Types of Analyte Using Selective Chemosensor: A General Survey	Debdas Mandal Anwasha Halder Suman Acharjee	65–71
Attitudes of Residents Towards Tourism: An Insight Into West Bengal's Coastal Tourism Sites, India	Jayanta Saha Suman Paul	72–89
Analysis of Biochemical Parameters and APTI of Neem (<i>Azadirachta indica</i>) and Sajina (<i>Moringa oleifera</i>) Plants during Monsoon and Winter Seasons in Purulia Town, WB, India	Moumita Sinha Indrani Chatterjee Munmun De Nafisa Khatoun Susmita Mukherjee	90–100
A Mathematical Study of COVID-19 Outbreak with Uncertainties of Controlling Parameters	Prasenjit Mahato Sanat Kumar Mahato Subhashis Das	101–120
Stability of a Fractional Order Harvested Prey–predator Model in the Existence of Infection in Prey	Subhashis Das Sanat Kumar Mahato Prasenjit Mahato	121–138
Photoresponse Characteristics from Vacuum Deposited Thin Film of Copper Phthalocyanine: Dependence on Grain Size	Arka Mandal Biswanath Mukherjee	139–144
A Bidirectional Hybrid WDM-PON with High Data Rate Transmission for Wired and Wireless Users in Long-Reach with Enriched Noise Tolerance Capacity against Rayleigh Backscattering	Rinki Atta Paulomi Mandal Nilanjana Sarkar Ardhendu Sekhar Patra	145–149
Study of Academic Performance as a Function of Spirituality	Kainat Rizvi	150–153
Effect of Verbal Bullying and Gender on Self-esteem and Suicidal Ideation Among College and University Students of Kolkata	Sreeja Roy Goswami Priyankar Singha	154–160
Re-Examining the Relation of Core Self-Evaluations and Academic Performance: Investigating the Mediating Role of Cognitive Test-Anxiety	Sreeparna Kar	161–165
